### **SOAL**

#### **JAWABAN**

#### **SOURCE CODE:**

```
import 'dart:async';

void main(List<String> args) async {
  print("Ready, Sing");
  print(await line());
  print(await line2());
  print(await line3());
  print(await line4());
}

Future<String> line() async {
    String lirik = "pernahkah kau merasa";
    return await Future.delayed(Duration(seconds: 5), () => (lirik));
}

Future<String> line2() async {
    String lirik = "pernahkah kau merasa....";
    return await Future.delayed(Duration(seconds: 3), () => (lirik));
}
```

```
Future<String> line3() async {
   String lirik = "pernahkah kau merasa";
   return await Future.delayed(Duration(seconds: 2), () => (lirik));
}

Future<String> line4() async {
   String lirik = "Hatimu hampa, pernahkah kau merasa hatimu kosong...";
   return await Future.delayed(Duration(seconds: 1), () => (lirik));
}
```

#### **OUTPUT:**

```
PS D:\DART\Minggu3> cd Acara4
PS D:\DART\Minggu3\Acara4> dart soal3.dart
Ready, Sing
pernahkah kau merasa
pernahkah kau merasa....
pernahkah kau merasa
Hatimu hampa, pernahkah kau merasa hatimu kosong....
PS D:\DART\Minggu3\Acara4>
```
